

# Outside Catering

We have been in the catering business since 1995 and at present, we cater to over 200+ different venues across Ontario including, but certainly not limited to: banquet halls, golf clubs, tennis clubs, estates, hotels, gardens, theatres, and other unique spaces. Grand Catering currently operates out of 4 offices held in Toronto, Markham, Vaughan and Woodbridge. Meetings are preferred to be done with clients face-to-face because a representative will be able to provide you with more information with regards to the halls, your menu options, price ranges and also be able to show you pictures of venues as well as the food dishes.

Grand Catering also has a Central Kitchen (which the property is owned by Grand Catering, 3,500 sq.ft) where all the food preparation (and menu tasting) takes place - **we do the actual cooking the night of**, and at the venue, of course. **We do not reheat food** so all the venues that we work with must allow for on-site cooking.
